This volunteering program developed my communication skills with people from different backgrounds and religions.

Junior Caregiver Program – 31/03/2019 to 11/04/2019

Cleveland Clinic Abu Dhabi, Abu Dhabi

CCAD caregiver program provided me with a surreal opportunity that has entirely opened my eyes to how even simple and small things matter a lot. Caring for people, meeting new friends, and gaining the experience were the core aspects of my CCAD journey. There, I found how latest technological advances are used in modern healthcare systems. Empathy, stress management, communication and work ethic were some of the major skills/qualities I acquired during the program.

Extra-curricular Activities/Programs

Estedad National Ambassadors Program – 19/07/2020 to 29/07/2020 (2 weeks)

Offered by Ministry of Education (UAE) and Khalifa University

This program gave an insight on Entrepreneurship and Innovation in today's industry. We were introduced to different aspects of entrepreneurship, such as using design thinking in product creation. As well as learning about different qualities entrepreneurs have such as grit and perseverance. The program was online through Zoom, where we used a digital workspace platform called

'MURAL' as a medium for workshops.

Future Leaders Program – 21/12/2018 to 30/12/2018 (2 weeks)

Offered by Abu Dhabi Department of Education and Knowledge

In this program, I had the opportunity to develop my presentation skills throughout the course of the program. We traveled across the emirates and have gone to various landmarks across the country. During the two-week internship, I learned about UAE's history from various angles.

- Earned the best passport (journal) among the 200-300 participants
- The pleasure to say a word on behalf of the participants in the graduation ceremony

Aqdar Leadership Program – 03/2017 (1 week)

Offered by Institute of Leadership and Management (ILM) and Aqdar (Khalifa Empowerment Program)

This program built a lot of leadership skills I acquire today, and this opened a lot of doors for me soon after I graduated from the internship. This program made me more discipline and engaging with teamwork activities.
